Les Terrasses de Regis Boucabeille Blanc 2021

SKU 215076 | 12x750 ml | Spec | \$19.99 Wholesale

Winemakers Notes

Clean and clear straw colour, with green and gold reflections. A bouquet of orchard fruit and floral notes: ripe pear, golden apple, dried grass and white petals. As the wine warms in the glass, sweeter notes of vanilla bean and lemon custard come forward. There is a lot of flavour packed into one bottle! This medium-bodied white showcases lip smacking acidity and a creamy texture. Although soft and rounded, there are sharper notes of green pineapple countering the juicy pears and golden apples. Stronger notes of sweet lemon grow through the finish with a showing of slate driven minerality, ash and peppery florals.

Reviews

91 Points - James Suckling: "A vibrant and zesty white with white pepper, lime, olive leaf and mineral. Medium-bodied with a taut texture. Pure and elegant with a bright streak of acidity. 50% Grenache Blanc, 50% Maccabeu. From organically grown grapes." -Sep 2022

Winery Information

The Stony Shale Slopes of Domaine Boucabeille - Organic

With 69 acres of terraced organic grapevines planted in the stony shale slopes of the Forca Real, Domaine Boucabeille is surely one of the region's best kept secrets. On land long abandoned as too work intensive, the Boucabeille family, father and son, took up the challenge of replanting the terraces with syrah, mourvèdre, grenache noir and blanc, carignan and roussanne, to produce a high quality range of wines.

Everything is done by hand, the planting, the year round maintenance, the harvesting. The use of machinery is impossible due to the steep slopes and the stony, reluctant land. Patience and passion over 30 years have established the vines, given them the vital elements they need to flourish in a previously unwelcoming terrain.

The energy positive wine cellar with solar roof and rainwater recovery system is a further testimonial to the domain's total esteem and respect for its environment.
