Champagne Infinite Eight Millésimé Brut 2004

SKU 448478 | 6x750 ml | Listed | \$85.99 Wholesale

Profile

Champagne Infinite Eight is a blend of desire, passion and refinement... Inspired by more than 150 years of family history... Only the best years are selected and presented in a special bottle. The beautiful and stylish design on the bottle has an other dimension to it as well. Once reached the perfect temperature, the thermo-reactive infinity sign becomes red. This combination of sublime taste and memorable design makes Infinite 8 very unique and hard to forget.

The nose is oriented towards notes of praline chocolate and spice, completed by aromas of stewed fruits. On the palate, there are lightly toasted, even roasted notes leaving free part to a very beautiful roundness and a remarkably sustained final. The important presence of Chardonnay accentuates its vinous character, while revealing a subtle acidity. This delicately spiced universe is an infinite invitation to taste. It can be enjoyed on its own or accompanied by a tasty dish, such as a supreme truffled 'Poulet de Bresse', with a grilled Saint-Pierre or sautéed scallops.

60% Chardonnay | 26% Pinot Noir | 14% Meunier

Reviews

94 Points - Wine Enthusiast 'Editors Choice': "From one of the best vintages of this century, this Champagne is impressive. Its richness is balanced by the now mature minerality of the Chardonnay. The wine has developed a nutty character to balance the fragrance and brightness of the great fruitiness. Drink this wine now."

-Roger Voss

Winery Information

Infinite 8 Champagne is the story of the rebirth of the Champagne House of Edmond Roussin a family that had been working the vines since the French Revolution. Marc Letexirant was the owner of the House inherited from his Grandmother, his father Philippe was a presence in the Champagne world, finishing his career as Communications Director of the CIVC. Champagne Edmond Roussin unfortunately closed its doors in 1970. The presses of the Estate were used by Krug from 1970 to 1976. The presses are still in place at Villedommange but are not in a state to be used currently. Nicolas Letexirant decided to revive the family's interest 20 years ago by replanting the vineyards and resurrecting the long dormant family business.
