## Champagne Infinite Eight Rose Brut NV

SKU 453379 | 6x750 ml | Spec | \$59.98 Wholesale

### Profile

Champagne Infinite Eight is a blend of desire, passion and refinement... Inspired by more than 150 years of family history... Only the best years are selected and presented in a special bottle. This combination of sublime taste and memorable design makes Infinite 8 very unique and hard to forget.

The Brut Infinite Collection offers here a rosé, called Assemblage, one of the two methods authorized in Champagne to obtain a pink-coloured wine.

The colour is a bright pinky salmon. The nose is fresh and tends towards red fruit notes. The mouth brings balance, freshness and roundness.

**10% Chardonnay | 45% Pinot Noir | 45% Meunier**

### Reviews

**88 Points - Wine Enthusiast:** "A well balanced, fragrant Champagne, this relishes its red fruits cut with citrus. The wine is fruity, its acidity freshening the ripe flavors. It is ready to drink." -Roger Voss

### Winery Information

Infinite 8 Champagne is the story of the rebirth of the Champagne House of Edmond Roussin a family that had been working the vines since the French Revolution. Marc Letixerant was the owner of the House inherited from his Grandmother, his father Philippe was a presence in the Champagne world, finishing his career as Communications Director of the CIVC. Champagne Edmond Roussin unfortunately closed its doors in 1970. The presses of the Estate were used by Krug from 1970 to 1976. The presses are still in place at Villedommange but are not in a state to be used currently. Nicolas Letixerant decided to revive the family's interest 20 years ago by replanting the vineyards and resurrecting the long dormant family business.
